TALKINGPARENTS CERTIFIES this record was created by TalkingParents and is a true and correct compilation of original data stored on our secure servers at the time it was collected or provided by the parents at issue. The information in this Record was logged at the time of the occurrence of the matters set forth by it and the creation of such Records is a regular part of our business operations.

Digital Signature

When our system generates a Record, the PDF file is signed electronically. This digital signature can be viewed and verified by opening the PDF file with Adobe Acrobat or Adobe Reader. The presence of this electronic signature not only verifies that the file came from us, but that it has not been digitally modified in any way. If the file has been modified in any way, then the signature will no longer appear as valid. The document is jointly signed by TalkingParents (Monitored Communications, LLC) and by Entrust Timestamp Authority™ authenticated by the Adobe Approved Trust List.

Unique Authentication Code

A unique 16-digit code is assigned to every Record our system generates. We permanently archive the original file so that any electronically certified TalkingParents record can be authenticated as genuine and accurate if necessary. The Unique Authentication Code is located at the bottom of every page of the record.

From our Servers to the Courtroom

When a TalkingParents parent requests a copy of their Record through our app or website, our system then compiles the requested information from our secure servers. The parent can then download the PDF file and they also have the option of ordering a printed copy of the file from us, which we then ship to the address of their choosing. When a parent requests a printed copy, we print the exact same file they were able to download in PDF format as if they printed it themselves. A parent can request a signed Affidavit to accompany a printed copy, but our goal is to provide sufficient Identification and Authentication through electronic means, regardless of whether the record is offered in electronic (PDF) or printed format.

Absolutely! I'm at work now. I can go on my lunch hour at noon and drop them off. I'll swing through Panera and get her some chicken noodle soup. Hopefully, that will help her feel better. Comfort food always helps! I'll be there at your house in about an hour.

Normally we exchange on Sundays after lunch, but I am getting ready for a big meeting on Monday. Could we exchange after dinner instead? I can come to your house to pick them up instead of you driving to me to drop them off.

I just received an email reminder from the school about Conrad's and Olivia's school orientations. I went ahead and put them on the calendar even though orientation is during your week.

Conrad really wants this Marvel backpack and lunchbox. I'm thinking about getting it for him for his birthday even though his shark backpack from last year is still in good condition. What do you think?

Saturday, August 5th at 10:00 is perfect! The price to have a party at the zoo is \$125. Conrad can invite 10 friends; each friend will receive a feed cup for the animals and a train ride around the zoo. Please let me know if this price works for you!
