TALKINGPARENTS CERTIFIES this record was created by TalkingParents and is a true and correct compilation of original data stored on our secure servers at the time it was collected or provided by the parents at issue. The information in this Record was logged at the time of the occurrence of the matters set forth by it and the creation of such Records is a regular part of our business operations.

Digital Signature

When our system generates a Record, the PDF file is signed electronically. This digital signature can be viewed and verified by opening the PDF file with Adobe Acrobat or Adobe Reader. The presence of this electronic signature not only verifies that the file came from us, but that it has not been digitally modified in any way. If the file has been modified in any way, then the signature will no longer appear as valid. The document is jointly signed by TalkingParents (Monitored Communications, LLC) and by Entrust Timestamp Authority™ authenticated by the Adobe Approved Trust List.

Unique Authentication Code

A unique 16-digit code is assigned to every Record our system generates. We permanently archive the original file so that any electronically certified TalkingParents record can be authenticated as genuine and accurate if necessary. The Unique Authentication Code is located at the bottom of every page of the record.

From our Servers to the Courtroom

When a TalkingParents parent requests a copy of their Record through our app or website, our system then compiles the requested information from our secure servers. The parent can then download the PDF file and they also have the option of ordering a printed copy of the file from us, which we then ship to the address of their choosing. When a parent requests a printed copy, we print the exact same file they were able to download in PDF format as if they printed it themselves. A parent can request a signed Affidavit to accompany a printed copy, but our goal is to provide sufficient Identification and Authentication through electronic means, regardless of whether the record is offered in electronic (PDF) or printed format.

Date and Time Zone Information

*All times presented in Central Standard Time

*TalkingParents documents and maintains all time information in Coordinated Universal Time (UTC). This is done to ensure accuracy and reliability of all records regardless of a parent's location. As a matter of convenience, parents have the option of viewing all time information, including the times shown on this complete message record, in the time zone of their choice.

All dates presented in M/D/YYYY format.

Parents can select the date format options in their account settings. The default format is M/DD/YYYY.

Notifications

Our service sends an automatic email notice every time a parent has a new payment event to view at TalkingParents. These notices are sent as a courtesy and we cannot verify if they are actually received or viewed. Our iPhone and Android apps include built-in new message notifications.
